

The City of Linton and our employees have continued to provide essential services to our community and its citizens as we have faced unprecedented challenges with COVID-19. Unfortunately, we must inform you that city hall has had a positive case and exposure which has left us no choice but to protect the health and safety of our citizens and employees by closing the utility office until further notice.

We also want to inform our utility customers that their bill may arrive later than normal due to our current situation. We hope to have this situation resolved as quickly as possible, but remind customers that they may make utility payments by using the City Hall drop box (checks or money order), credit card payments by phone at (844)-200-2462, online at www.cityoflinton.com or by US mail.
